MADE IN FLORIM

FLORIM

È CERTIFICATA B CORP

FLORIM IS
B CORP
CERTIFIED

Guardiamo al business come una forza positiva in grado di generare profitto e allo stesso tempo creare un impatto virtuoso sulle persone e sull'ambiente. Da sempre.

Le nostre scelte, giorno dopo giorno, ci hanno portato a migliorare il nostro modo di fare impresa.

We conceive the business as a positive force able to generate profits and at the same time create a virtuous impact on people and the environment. Since forever.

Our choices, day after day, have led us to improve our way of doing business.

COSA SIGNIFICA ESSERE B CORP?

Ci siamo misurati con i più alti standard di performance sociale e ambientale e dopo un lungo e rigoroso processo di verifica siamo diventati B Corp.

Le aziende che riescono a ottenere questa certificazione sono le più evolute al mondo in termini di impatto positivo sia sociale che ambientale.

Costituiscono un movimento globale di 'Purpose Driven Businesses' che ha l'obiettivo di diffondere un nuovo paradigma economico, che vede le imprese come protagoniste nel rigenerare la società.

Certified

Corporation

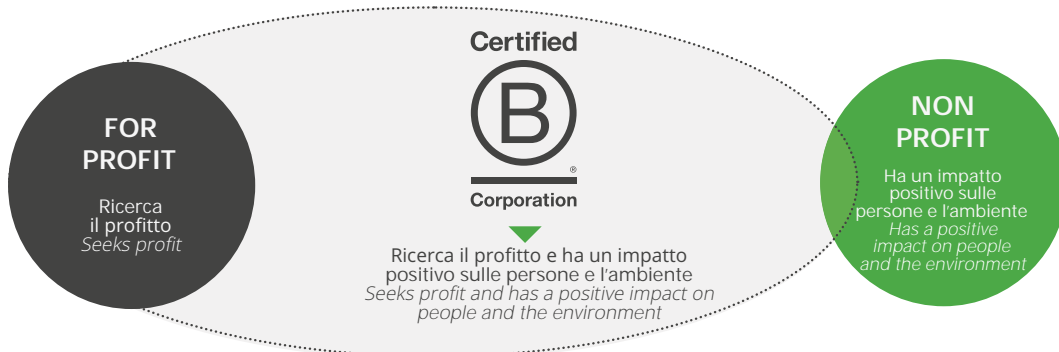

Guarda il video "Essere sostenibile è una scelta quotidiana" con i volti di alcune delle "persone Florim" che ogni giorno contribuiscono a rendere l'azienda sempre più responsabile.
Watch the video "Being sustainable is a daily choice" with the faces of some of the "Florim people" who contribute to making the company even more responsible, every day.

WHAT DOES IT MEAN TO BE B CORP?

We vied with the highest social and environmental performance standards, and after a long and scrupulous verification process, we became B Corp.

Companies that succeed in obtaining this certification are the most evolved in the world in terms of their positive social and environmental impact.

They constitute a global movement of 'Purpose Driven Businesses' whose aim is to diffuse a new economic paradigm, whereby companies are the drivers of social regeneration.

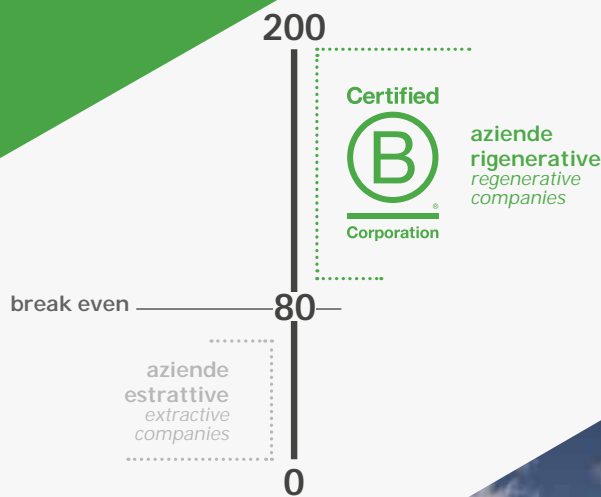

BUSINESS RIGENERATIVO

È in corso un **cambiamento culturale** epocale di cui siamo orgogliosi di essere parte. Uno dei principi fondamentali di tutte le B Corp è quello di adottare un business rigenerativo che si contrappone a quello estrattivo.

Rigenerare significa non solo diminuire l'impatto sulla natura e sull'ambiente che ci circonda, ma addirittura produrre effetti positivi, creando valore condiviso nella società e rigenerando la biosfera.

Diventano B Corp solo quelle aziende che misurano il loro impatto complessivo attraverso il Benefit Impact Assessment (BIA) superando il punteggio di 80 (in una scala da 0 a 200) ed entrando così in una élite di imprese **rigenerative**. Chi non supera questa soglia viene considerata **azienda estrattiva** ovvero per funzionare consuma risorse economiche, sociali e ambientali superiori di quanto sia in grado di generare come output.

REGENERATIVE BUSINESS

*An historical **cultural shift** is under way, of which we are proud to be a part. One of the underlying principles of all B Corps is the adoption of a regenerative business model as opposed to an extractive one.*

*Regenerating means not only reducing the impact of business on our surrounding nature and environment, but also producing **positive effects, creating shared value in society and regenerating the biosphere.***

*Only those companies that measure their overall impact through the Benefit Impact Assessment (BIA) exceeding the score of 80 points can be certified as B Corp, joining an elite of **regenerative companies**. Anyone who does not exceed this threshold is considered an **extractive company** or, in order to function, they consume higher economic, social and environmental resources than they are able to generate as output.*

IL PUNTEGGIO DI FLORIM

Il punteggio conseguito da Florim Italia è di 98,1 punti e il consolidato, che comprende la consociata americana, è di 90,9 punti. Così il Gruppo Florim rientra tra le 3.700 B Corp al mondo.

Sono oltre 140.000 le aziende che stanno cercando di ottenere la certificazione, nel rispetto di **severissimi standard di trasparenza e sostenibilità**.

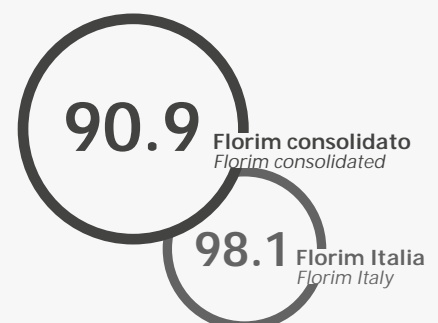

Solo il 3% riesce a superare l'iter di verifica imposto da **B Lab**, ente certificatore di origine americana che oggi opera a livello globale.

FLORIM'S SCORE

Florim Italia score is 98.1 points and the consolidated, which includes the American subsidiary, is 90.9 points. Florim Group is now one of the 3,700 B Corps throughout the world.

*More than 140,000 companies are currently seeking to obtain the certification **in compliance with the strictest transparency and sustainability standards.***

*Only 3% manage to pass the verification process implemented by **B Lab**, the US certifying body that currently operates on a global scale.*

An important addition to the range of Cerim surfaces inspired by the world of stones, Elemental Stone offers surfaces inspired by sedimentary rocks. Simple in character and featuring polyhedral aesthetics, they are composed of granules and limestone elements with varying textures and are available in three colours, perfectly in line with the brand's contemporary flavour.

Neutral shades help to create a contemporary feel within the space, which is not affected by passing trends. The minimal look of the surfaces can, depending on the finish and the combination with the furniture, give life to environments with different styles, from a classic feel to a trendy vibe, perfectly adapting to suit your personal choices.

Importante intégration de la gamme de surfaces inspirées du monde des pierres de Cerim, Elemental Stone propose des surfaces inspirées des roches sédimentaires au caractère simple et à l'esthétique polyédrique, composées de granulés et d'éléments calcaires à la texture différente et déclinées dans trois couleurs, en parfaite adéquation avec le goût contemporain de la marque. Des tonalités neutres contribuent à créer, à l'intérieur de l'espace, une atmosphère contemporaine difficilement soumise à l'évolution des modes. L'aspect minimal des surfaces, selon la finition et la combinaison avec le mobilier, peut donner naissance à des environnements au style différent, pour rencontrer un goût classique ou plus à la mode, en s'adaptant à la perfection à chaque choix personnel.

Elemental Stone stellt eine bedeutende Ergänzung zur Produktpalette von Oberflächen dar, deren Inspirationsquelle das Werksteinuniversum von Cerim ist. Es bietet Oberflächen an, die von einfachen und vielseitig gestalteten Sedimentgesteinen inspiriert sind, bestehend aus Kalksteinelementen und -körnern verschiedener Texturen und in drei Farben, die ganz im Einklang mit dem zeitgenössischen Geschmack der Marke stehen. Neutrale Farbtöne tragen dazu bei, eine moderne und immerfort aktuelle Raumatmosphäre zu schaffen. Der Minimal Look der Oberflächen kann je nach Finish und Einrichtungskombination Räume mit stets unterschiedlichen Stilrichtungen herbeizaubern, um einen klassischen oder modebewussteren Geschmack zufriedenzustellen und sich dabei problemlos jeder persönlichen Wahl anzupassen.

Importante integración de la gama de superficies inspiradas en el mundo de las piedras de Cerim, Elemental Stone propone superficies inspiradas en rocas sedimentarias con un carácter sencillo y una estética poliédrica, compuestas por gránulos y elementos calcáreos con una textura distinta y propuestas en tres tonos, perfectamente en línea con el gusto contemporáneo de la marca. Tonos neutros ayudan a crear una atmósfera contemporánea dentro del espacio, difícilmente sujeta al paso de las modas. El aspecto minimalista de las superficies, en función del acabado y de la combinación con la decoración, puede dar vida a ambientes con un estilo diferente, para encontrar un gusto clásico o con toques más de tendencia, adaptándose perfectamente a cada elección personal.

Значительно дополняя линейку материалов Cerim, вдохновленных видом натурального камня, коллекция Elemental Stone предлагает поверхности, воспроизводящие осадочные породы с простым характером и многогранной эстетикой. Они состоят из известняковых зерен и элементов с разной фактурой и выпускаются в трех цветах, точно отвечающих современному вкусу этого бренда. Нейтральные тона создают в пространстве современную атмосферу, на которую вряд ли окажут свое влияние сменяющие друг друга тенденции моды. В зависимости от отделки и от сочетающейся мебели минималистский вид поверхностей может оформлять интерьеры в разном стиле, отвечая классическому или модному вкусу, но всегда отлично соответствуя любому индивидуальному выбору.

ELEMENTAL STONE OF CERIM

Importante integrazione della gamma di superfici ispirate al mondo delle pietre di Cerim, Elemental Stone propone superfici ispirate a rocce sedimentarie dal carattere semplice e dall'estetica poliedrica, composte da granuli ed elementi calcarei dalla diversa tessitura e declinate in tre cromie, perfettamente in linea con il gusto contemporaneo del marchio.

Tonalità neutre contribuiscono a creare un'atmosfera contemporanea all'interno dello spazio, difficilmente soggetta al passare delle mode. L'aspetto minimale delle superfici, a seconda della finitura e della combinazione con l'arredo, può dar vita ad ambienti dallo stile differente, per incontrare un gusto classico o dai caratteri più trendy, adattandosi perfettamente ad ogni scelta personale.

In relazione alle differenti tecnologie produttive l'accostamento di prodotti con spessori diversi potrebbe presentare delle disomogeneità, se ne sconsiglia pertanto l'abbinamento./ Due to the different production technologies, contiguous installation of products with different thickness may give a non-homogeneous result. For this reason we do not recommend this option. / Vu que différentes technologies de production sont utilisées avec des épaisseurs différentes, des problèmes d'homogénéité pourraient se présenter, il est donc déconseillé de les poser ensemble. / Wegen unterschiedlicher Produktionstechnologien können die Fliesen mit verschiedenen Materialstärken optische Differenzen aufweisen. Von einem direkten Aneinanderlegen wird deshalb abgeraten. / Dadas las diferentes tecnologías productivas, la combinación de productos de diferentes espesores podría dar lugar a heterogeneidad, por lo que se desaconseja mezclarlas. / В связи с различием в технологиях производства, сочетание продукции разной толщины иногда может представлять неоднородность материала. Такие сочетания следует избегать.
